So great! this is like the singing of the WHAM, 2 person sings so well together, tomatoes and cheese, this is excellent!

tomatoes probably made the cheese taste good

Tomatoes with cheese, how can it be so delicious!

This is so cool I am so happy!

But this dish cures shoulder ache, only works on this customer!

But

啊啊
！

that is...

dirtiness, dead,
rotten cells of
your shoulder

that's because you just
ate that cheese salad, there
are different kinds of
vitamins and special
nutrition elements I made,
which stimulate the
functions of your thyroid
gland in your neck....

this stand for
healthy blood
circulation in
your shoulder.
It's a good thing

right! it's the filth
and dirtiness on
and in your skin

thyroid gland helps
to hasten the metabolism
in your whole body

我有這麼

Now, all the
dead and

My shoulder
feels very
light and
free.

haven't
felt this
good

See?
My joints
became so
soft and
flexible

your dirtiness
and filth can
already be rolled
into a black
ball

you
already
reached your
flesh!

DON'T RUB
ANYMORE, STOP!

I FEEL
SO LIGHT!

In Italy, people like me can't open a restaurant by myself, even obtaining a license is too difficult, but here in Japan, competition is very intense between the restaurants of different cooking styles, so the chances are great, so I came.

But when I went back to my home, nobody recognized my strange cooking

When I traveled throughout the world for the best herb and recipe for my cooking I discovered my ability...

are also a stand user, right?

you...

This is the meaning of my life. It's the hope of my whole life

a cook has other intentions?

don't you know the rules of the kitchen?!

But you!

there are farms around to supply fresh vegetables and meat, fish markets supply fresh fish meat

I have been growing fast of late, I want to try to fight him one of this days.

His star platinum is too fast and strong, no weaknesses, can even stop time...

ha ha—  
Jotaro told me earlier

His star platinum to me is a real threat

But before that, I want to kill just to "practice" a little.

No I didn't

I just know everything your stand is capable of...

do your best to attack like star platinum, as fast and strong as you can

come closer

喂！

you dare to underestimate me!

that far

can't use full power can you

how can it be that easy?!

beat you?

are stupid enough to want to come and beat me

maybe you

why do you dare to show up in front of me?

I am asking you

in my house

yeah...

he  
appeared\*

WHY DON'T YOU  
TELL ME THIS!?

hopefully  
Okuyasu won't  
take any action  
on his own.

once Red chili hot pepper is  
mentioned, Okuyasu's expression always  
changes instantly, we were trying not to talk  
about things related this this.  
even if Keicho deserves what happened, but he  
was killed by red chili hot pepper, so  
Okuyasu gets mad everytime someone  
mentions his brother

WE GOTTA  
FIND HIS

I really feel his  
power increasing  
recently

even red chilli hot pepper  
hasn't done anything  
big scale yet, but we will  
never know one day he  
might just pull one of  
us into the wire.

the worse  
thing is

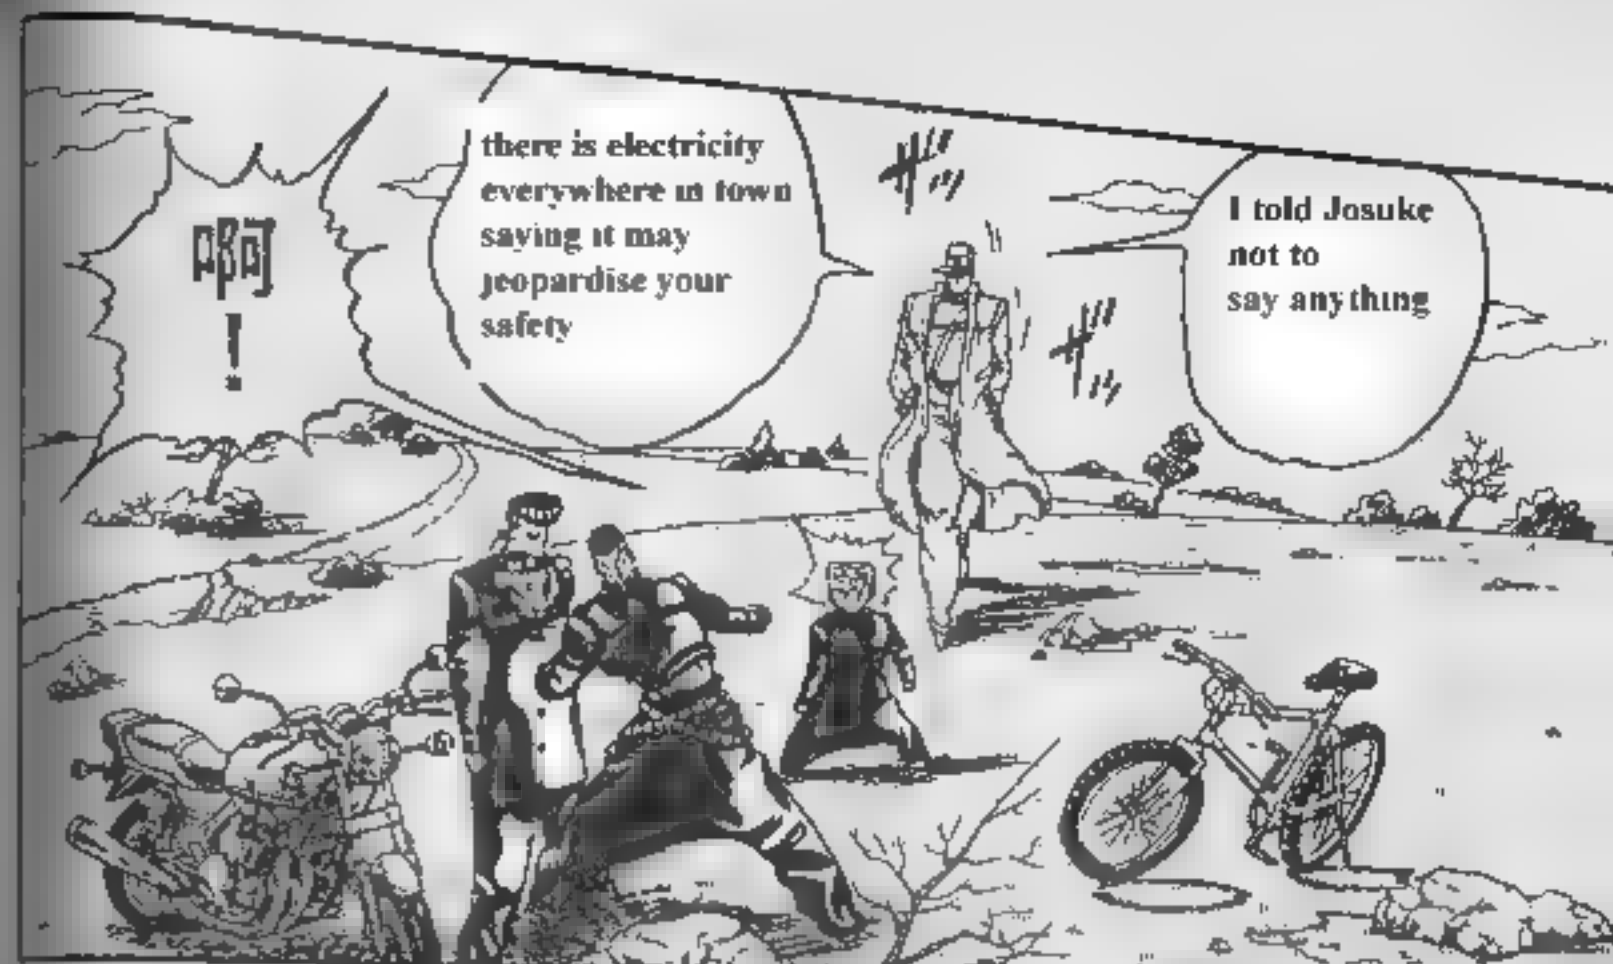

or maybe  
he will make  
more people  
stand users

but  
how  
to look  
for?

Josuke

Jotaro, you  
told us to  
come  
because of  
this?

no...

there is electricity  
everywhere in town  
saying it may  
jeopardise your  
safety

啊!

I told Josuke  
not to  
say anything

steal their  
stuff, I saw  
him myself  
with a bunch  
of jewelry  
and cash

He even  
got into  
people's  
houses

JOTARO

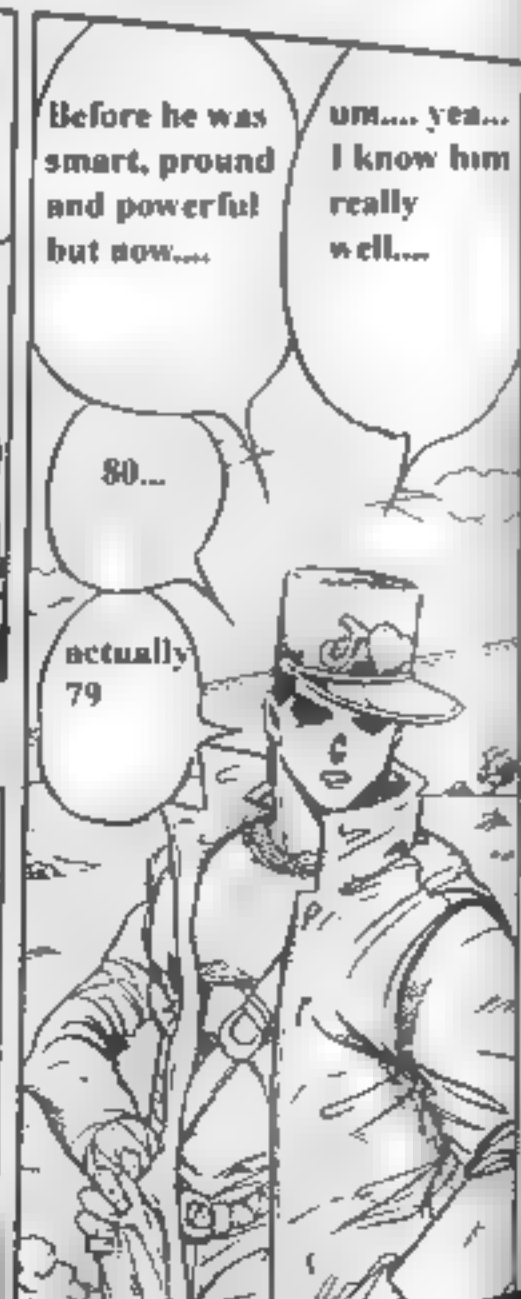

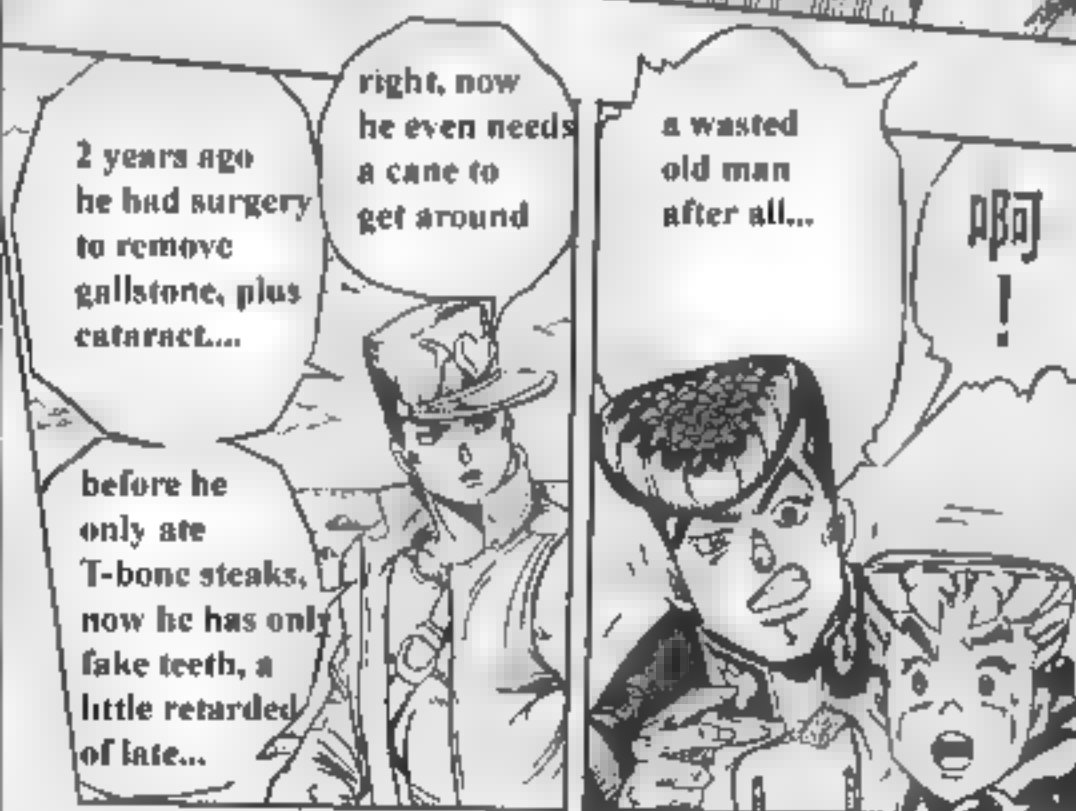

I also  
feel bad  
when I hear  
red chilli

Okuyasu  
don't be

that's why I  
called you to  
this remote

Jotaro  
and Josuke!

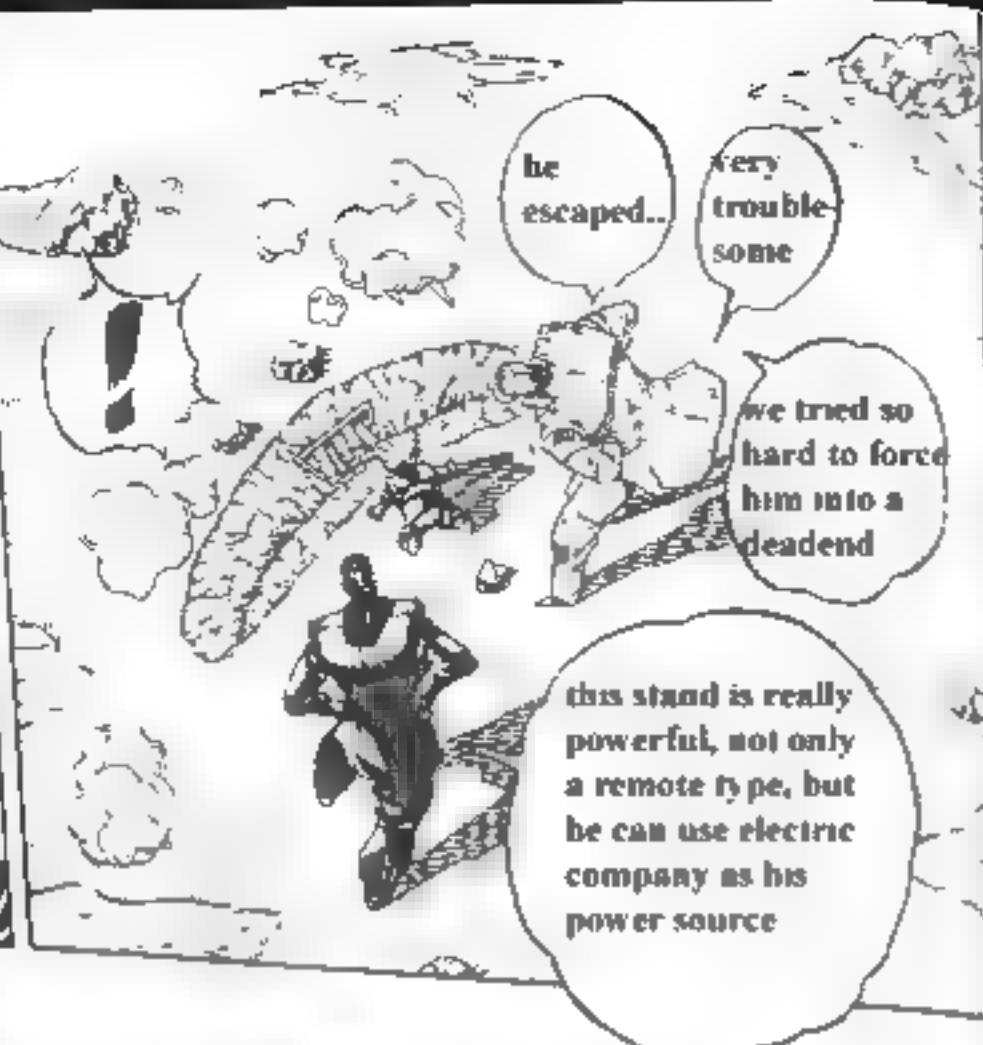

OK! YASU !!!

you are so indifferent!!

what are you guys saying?

he escaped...

very troublesome

we tried so hard to force him into a deadend

this stand is really powerful, not only a remote type, but he can use electric company as his power source

NOT ONLY DO YOU NOT CARE ABOUT OKI YASU BUT ANALYZE ENEMY'S ABILITY IN SUCH RELAXATION!!!

OKI YASU HAS JUST BEEN KILLED!!!

啊?  
?

RIGHT!

he's really lucky, this bastard has his bastard luck!

en... we should worry about Okuyasu

good thing his right hand was cut off.

OKI YASU !!

I WIN!

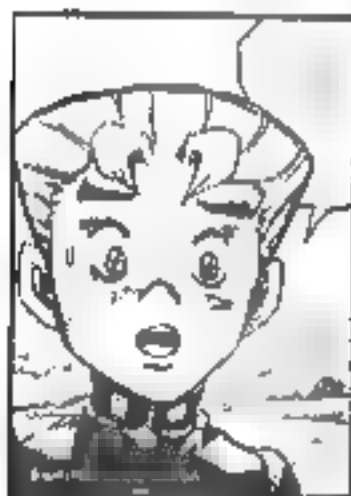

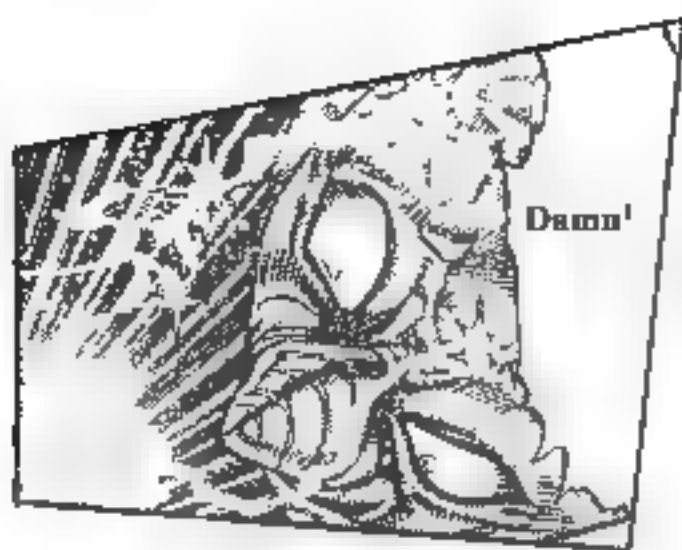

哇啊啊!

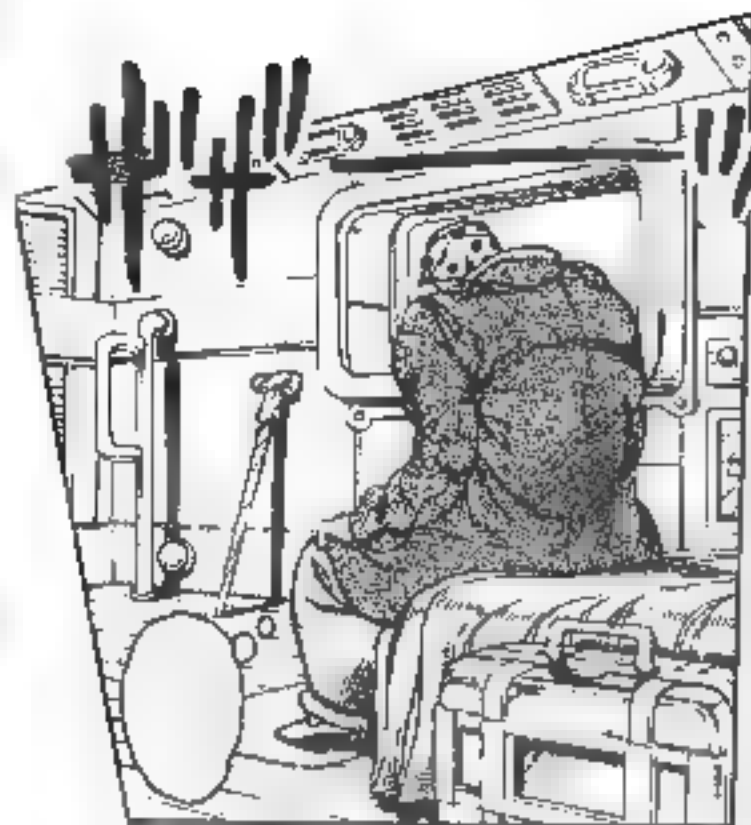

哈：哇哈哈  
哇哈哈  
！哈

Okuyasu was pulled inside!!

Mr.  
Joestar

we will be  
there in  
20 minutes

of course  
otherwise  
you won't reach  
there

cough

do we  
have to...

walk?

It's right in front  
of you, Mr.  
Joestar

cough!

have you  
seen my  
cane?

cough  
cough

This thing is really  
important for  
defeating red chilli  
hot pepper, for our  
town you should  
endure the anger for now.

now you shouldn't  
think about winning  
or losing if you  
fight him. we should  
concentrate on  
protecting Mr.  
Joestar first!

gotta be better than  
my brother, red chilli  
hot pepper. you gave  
me a very good  
lesson!

Okuyasu is  
sad, why  
don't you  
guys come and  
comfort him  
a little

HEY, you  
guys are so  
indifferent!

we gotta reach  
your grandpa  
at the dock before  
him

Jotaro  
red chilli  
hot pepper  
is really  
tough

he can't hide  
in the battery  
of the boat

everything  
is fine,  
we can  
take off  
now.

we  
checked  
this boat

otaro

we can  
save  
grandpa

If we are  
faster than  
him

Josuke

what are  
you saying?

what

you want  
us to stay

嗯?

You and  
Koichi stay  
here!

Josuke

me and  
Okuyasu  
will take  
the boat

it's very  
accurate...

it's only  
20 min  
away

it's here

grandpa's  
boat is  
here

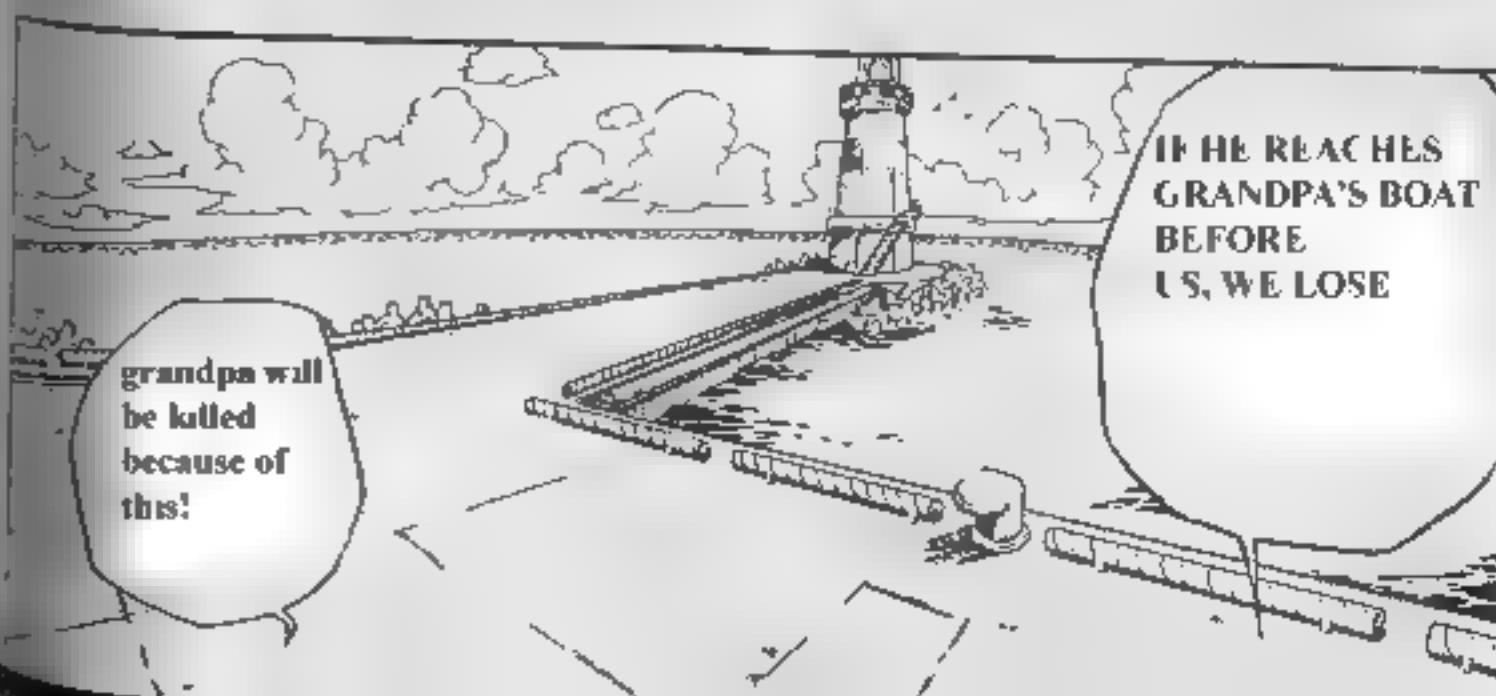

red chili hot pepper  
can only operate  
where there is  
electricity. I am  
thinking how does  
he want to get across  
the sea

yes, every  
body else  
are crew  
members  
from SWP

is only  
Joseph  
Joestar  
himself?

the  
passenger  
on the  
boat

grandpa will  
be killed  
because of  
this!

IF HE REACHES  
GRANDPA'S BOAT  
BEFORE  
US, WE LOSE

FLYING  
PLANE  
MODEL?

right, because he just  
stole a remote control  
model from a model  
store

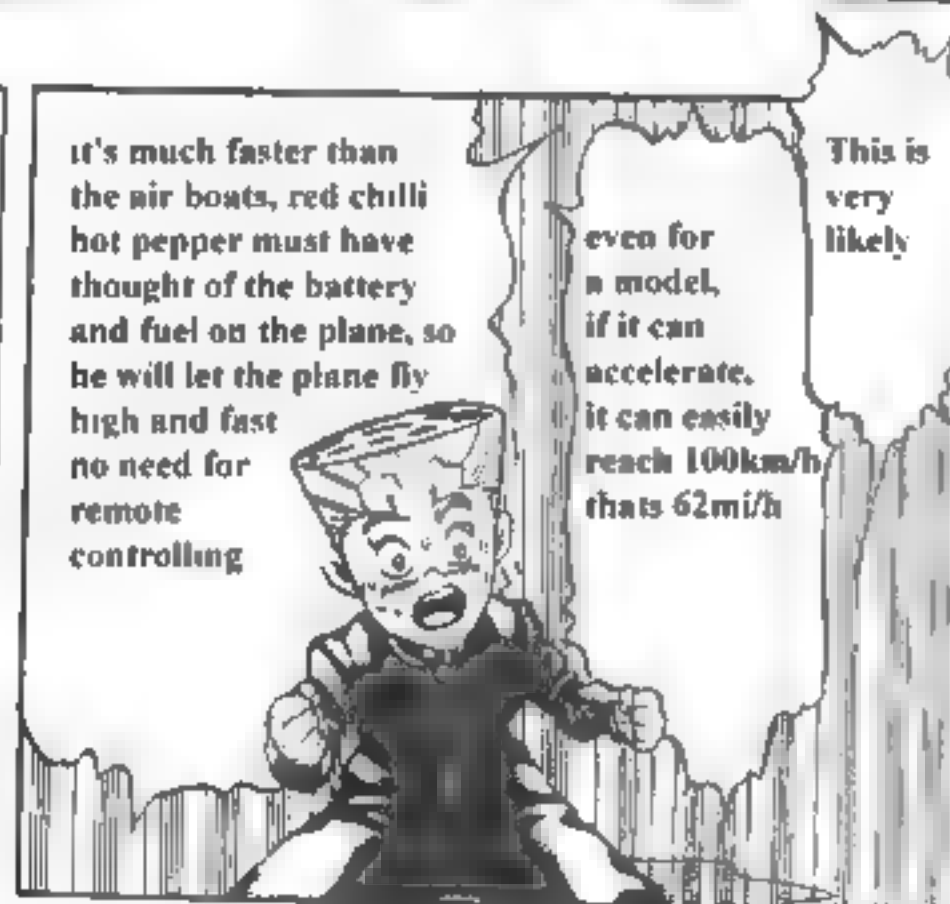

you're  
saying he  
will use  
something  
that can  
fly?

flying  
over?

IF THAT THING CAN  
REACH THE BOAT  
FASTER THAN OUR BOAT  
THEN YOU WILL HAVE  
TO PROTECT YOUR  
FATHER ON LAND!

it's much faster than  
the air boats, red chilli  
hot pepper must have  
thought of the battery  
and fuel on the plane, so  
he will let the plane fly  
high and fast  
no need for  
remote  
controlling

even for  
a model,  
if it can  
accelerate,  
it can easily  
reach 100km/h  
that's 62mi/h

This is  
very  
likely

你們一定要

He must. He must  
be around here  
watching, waiting for  
us to get on the boat

red chilli  
hot pepper must  
be here at  
the dock  
somewhere

right  
now

fly?

!?

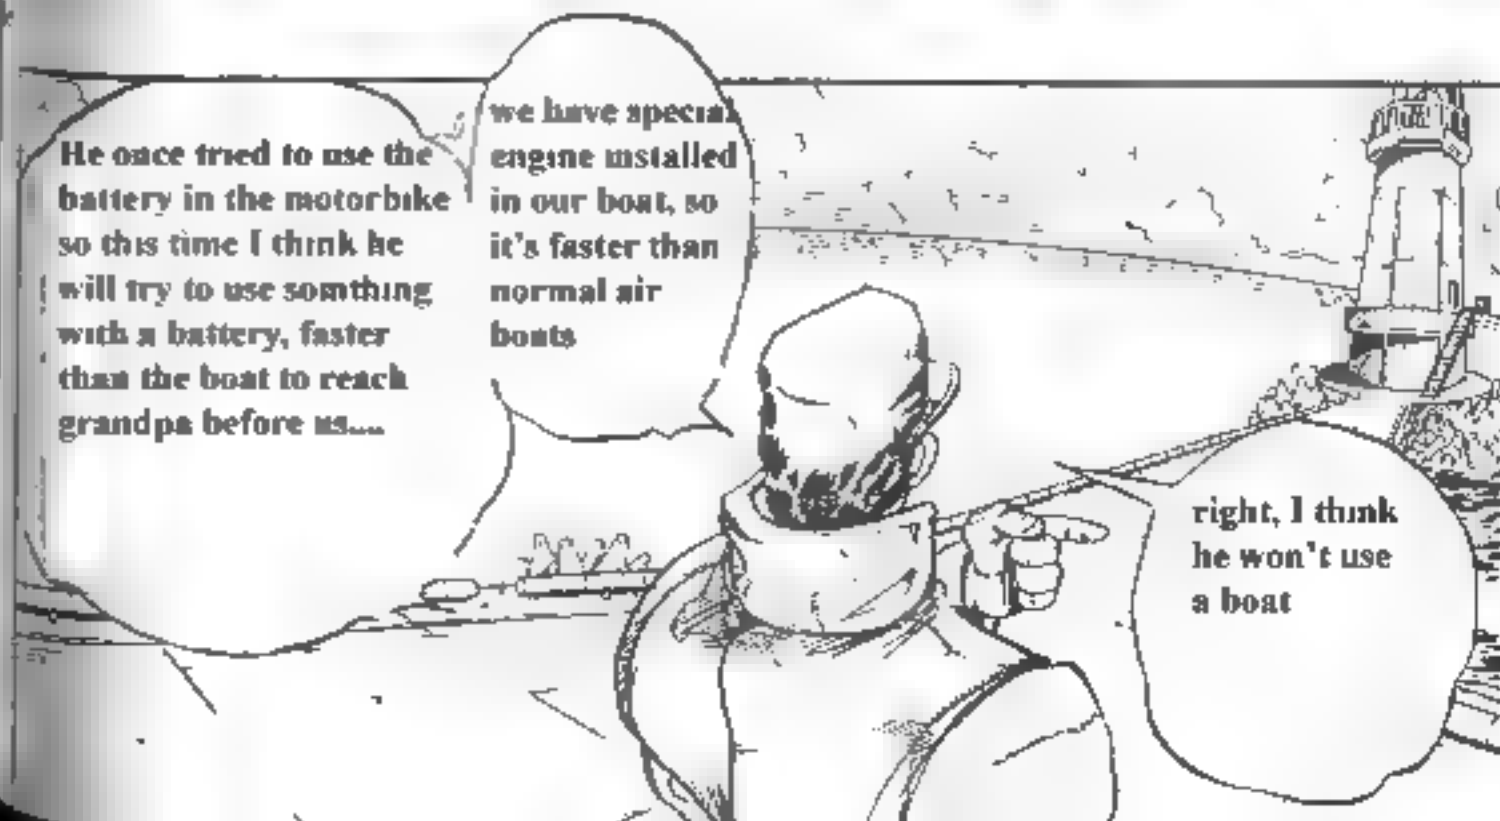

you are  
saying flying  
in the sky?

fly?

once we get on  
the boat, he will  
send something, fly  
toward grandpa's  
boat

then....

He once tried to use the  
battery in the motorbike  
so this time I think he  
will try to use something  
with a battery, faster  
than the boat to reach  
grandpa before us....

we have special  
engine installed  
in our boat, so  
it's faster than  
normal air  
boats

right, I think  
he won't use  
a boat

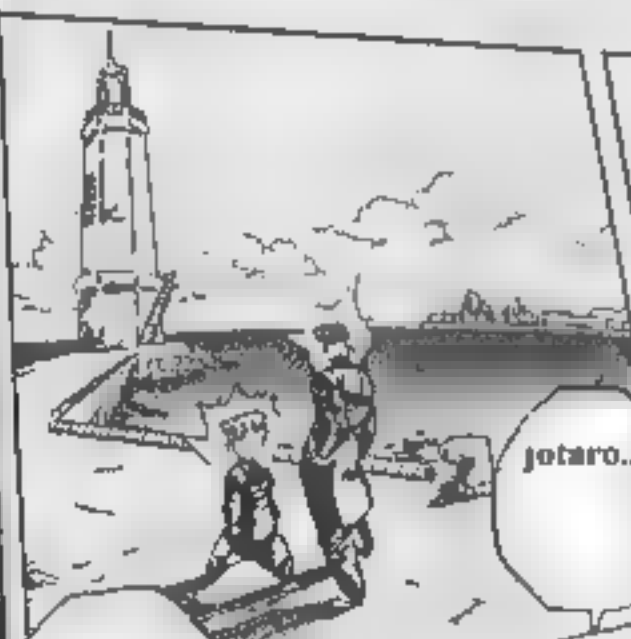

understand?  
Josuke

I know this thing is  
gonna be intense,  
every second counts

understand!

Jotaro...

even figured  
out about my  
remote game  
fuck!

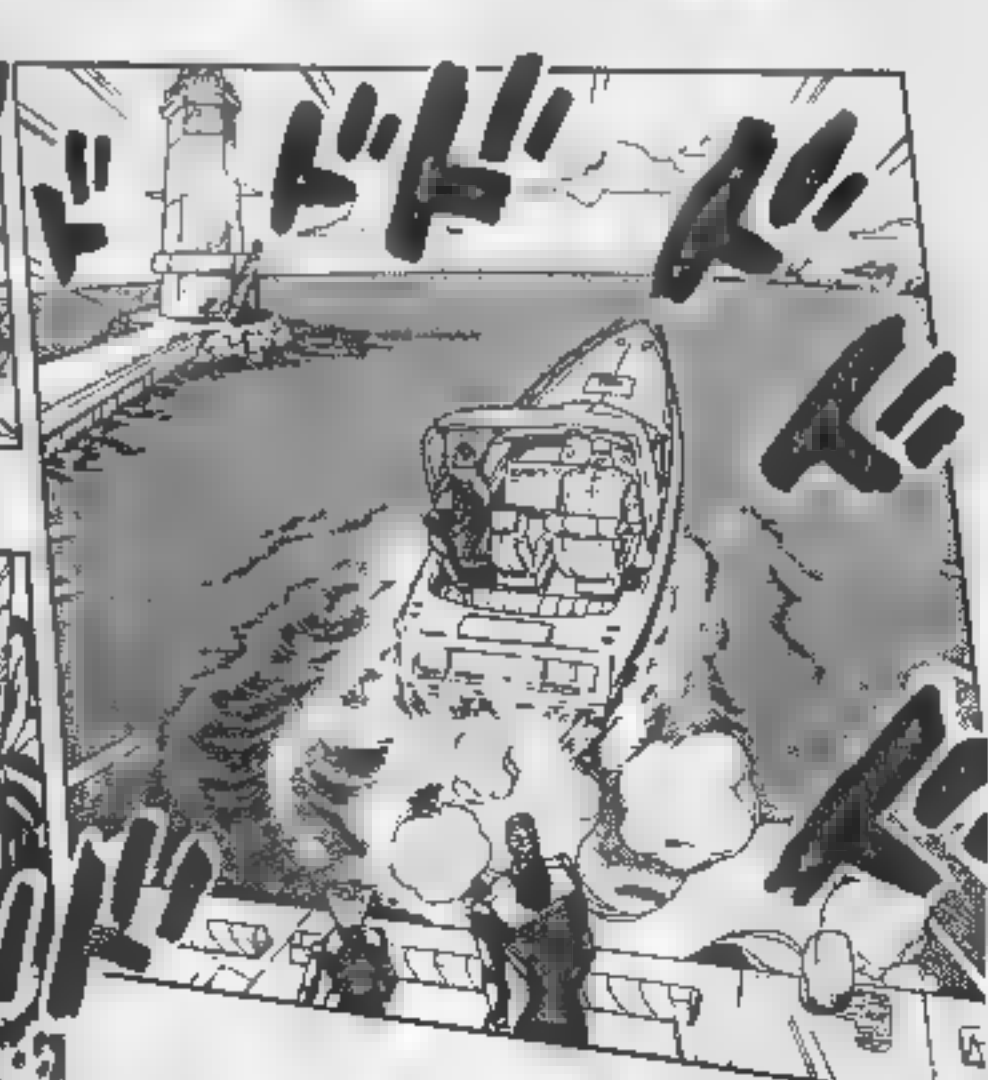

damn him!  
to find out  
about me, he  
left you guys  
here

gone

good  
luck  
Okuyasu

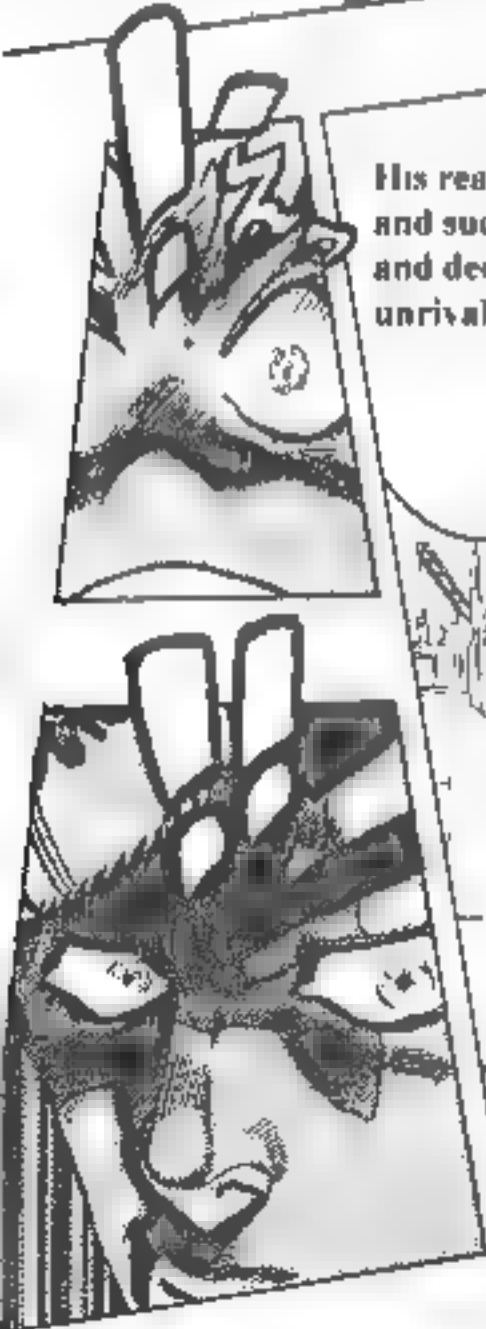

thank  
you!

Koichi...

YEAH!

His reasoning ability  
and such a accurate  
and decisive mind is  
unrivaled...

I really don't  
want to be  
found by  
him

Jotaro  
is really  
sharp

YOU...

he is really  
good at this

My remote plane  
plot, all ruined  
because of him!

YOU ARE  
RED  
CHILD  
HOT  
PEPPER???

So it will take  
only 5 minutes  
to reach Joseph's  
boat

My remote plane  
Speed fire, can  
reach the speed  
of 150km/h, that's  
about 93 mi/h

YOU REALLY  
CAME!

But Jotaro's boat,  
will take at least  
8-10 minutes to reach

another  
word....

You have  
finally  
emerged!

you are  
red  
chilli hot  
pepper  
himself!

I HAVE 3 MINUTES  
TO FINISH YOU GUYS  
OFF, AND START THE  
PLANE

conquer everyone in the world!

I want every person to respect me, being jealous of me...

哼!

my name is Akira Otoishi

Don't worry about my guitar too much

MY DREAM IS TO BECOME A SUPER GUITAR PLAYER, BUT WITH A NORMAL BODY AND MIND, THIS IS IMPOSSIBLE.

in the near future, I will use my guitar...

I JUST NEED THIS  
LITTLE FINGER TO  
LET YOUR ARMS FLY.  
LIKE HOW OKI YASU  
LET THE BOAT FLY JUST  
NOW!

for your  
crazy diamond

He comes out to  
introduce himself,  
he has 100 percent  
confidence that he  
can kill us!

that  
means

it's  
really  
him

can't  
believe

what is this?  
he dare to  
show his  
original  
body!

If something  
happens to me...

Kochi,  
you get  
back!

no time  
to play  
we can  
finish this  
pretty quick

he he....  
leaving  
final words  
eh?

You  
try your  
best to  
escape

Red Chilli Hot Pepper

Akira Otoishi's Guitar

top part

total length: 62.5m

bottom  
part

made with naturally hard peach wood, so the sound quality is excellent. for this finger plate, Akira stole the 100 year old peach wood that's used for making warming pots, so the sound from this guitar feels hefty and deep.

electric guitar's mic

with this the player can let the electric rings charge up by letting the strings vibrate. once the electric rings are charged up, they isolate the noise with the noise-cancelling plate, 2 plate usually works better than 1. Akira likes the 2 plate design in electric guitars.

vibration system: if the player's hand vibrates, there will be corresponding vibrations in the music as well.

## SWP Organization

at the beginning of this century, the lone english man Speed Wagon arrived at USA and started his own oil business. He has become one of the world's richest men. (died 1939) Speed Wagon decided that after his demise, the large sum of his fortune will be used for medical research and wild animal and plant protection. In this organization exists a department called Super Natural Research Department; this department is responsible for supporting Joseph and Jotaro with everything they need. This is also the will of Speed Wagon himself. The headquarter of this department is in Dallas, TX USA, it also has a few offices in Japan
